

# THE G L E N D O W E R

NEWS FROM THE GLORIOUS SEASIDE

EDITION 1 SUMMER 2017

Welcome to our very first edition of The Glendower.

The hotel has gone through an exhilarating period of change this last year - an exciting time for both the hotel and our guests.

We welcome the new changes while celebrating everything we have all grown to love about the Glendower for many years.

Over the following pages we have some exciting developments to share with you, what's on in the area, and some special offers to tickle your taste buds.

This June witnessed the opening of our brand new food offering in "Coast Brasserie", along with new seating, tables and a more relaxed approach to dining, without compromising on the quality of the local suppliers we have all grown to appreciate!

With an emphasis on modern British food & a touch of the Mediterranean to spice things up a little you can expect to see dishes such as Baked Camembert with Garlic Dipping Crostini, Calamari & Ailoi, Chicken Liver Parfait along side some favourites such as Crispy Confit of Duck, Pan Fried Seabass and of course our famous Steaks with secret recipe Cafe' De Paris Butter!

Speaking of local suppliers, we thought you may like to know where the dishes we lovingly prepare from you originate and so I have compiled a little tour of the North West and an introduction to the people who in most cases are up very, very early in the morning to be ready to deliver the freshest produce to our doorstep.

## Ribble Farm Fruit & Vegetable Specialist

Longridge Lancashire

A thriving family business in the Lancashire town of Longridge, have been successfully trading for over 50 years, they're success in down to hard work, attention to detail and a good team!

## John Penny & Sons Butchers

Ribble Valley

John Penny and sons is a family run business using sustainable farming methods to produce the finest quality Beef, Lamb & Pork. Their ethos which they thoroughly stand by "Quality is never an accident" It is always the result of high intention, sincere effort, intelligent direction and skilful execution! We certainly won't argue with that statement!

# GIN TIME!

Welcome to the summer, to celebrate the onset (it will happen!) of the sunny weather I am pleased to announce a couple of offers for the Glendower Bar.

We now have 16 gins on our list with this weeks addition of "Warner Edwards Rhubarb" and "Egerton Pink", however, with the success and interest that the list has created we like to give you more...

Our "Guest Gin" for August is "Poetic Licence Gin" celebrating the summer with infusions of strawberries & cream, this is followed in September with berry heaven, 5th "Fire" Gin has essences of blackberry, blueberry, currant & strawberry, at all times during the month you will get a free mixer when ordering a guest gin.

Summer is not complete without a cocktail and for the month of August, Damian's (our head barman & resident mixologist) own "Purple Dragon Martini" is on offer at buy 2 for £10, September brings you a classic "French Martini" with the same offer.

Picture yourself sitting outside, cocktail in hand watching the world go by, then go one further, come to The Glendower and live the dream - you owe it to yourself....

## Lanigan's FishMongers & Poultry

Lytham

One of the best family fish merchants in the UK, Lanigan's owner Andrew is a very keen game keeper so there is plenty of choice from Fowl to Pheasants when in season. I have been in the shop when local fishermen have brought in their catch ...it doesn't get much fresher than that!

## Gornalls Dairy Farm

Goosnargh

Again, Gornall's dairy foods are a third generation family business established in 1910, things have clearly moved on since the days of delivery by horse and cart however traditional values and superb quality from the family farm have meant this has become our most trusted dairy supplier.

## Mrs Dowsons Ices

Blackburn

Last but certainly not least is Mrs Dowsons Award Winning Ices, this family business on a working farm never stops, from tending to the animals, milking the cows to opening up to visitors who can actually feed the animals and go on a real live interactive tour. Mrs Dowson says Family is at the heart of everything we do and Ice Cream is no exception... you certainly wont find any additives or E numbers in a bowl of this ice cream!
